

Dealer Registration Instructions

Welcome to Tyent.

This guide will help you to navigate the online Dealer registration system. You may print this document and use it to assist you in the process.

General Website Navigation Tips:

- Avoid using your browser's BACK button, it may clear your registration data.
- Our site has multiple security measures to ensure the safety of your information, including a time limit.

Navigate to the "Become a Dealer page" on our website: <https://www.tyent.com.au/dealer-guide>

On this page you will see the registration details which are required to become a Tyent Australia product reseller. We will provide you your own online store to brand yourself and chose which products you would like to sell.

DOMAIN NAME: To get the most benefits from our Dealer program we recommend that you have a domain name or a sub domain for your online store.

A domain name is a website address and you can purchase a domain name from many places online. We recommend [Web Hoster](#) for domains, their domain support is very good. If you already have a domain

STORE NAME: If you do not have or want to buy a domain name, you can use the domain of tyent.com.au at no cost. The only requirement is that it is not already in use.

A domain extension of the main domain name. For example, if my store was named “My Dealer Store”, then my store address would be: www.tyent.com.au/mydealerstore

SHOP TITLE: This will be your store reference that Google and other search engines will see when crawling your website data. It’s a good idea for your Shop Title to be the same as your Store name for example: **My Dealer Store**
